

Admiral Stansfield Turner
April 26, 1977
Page Two.

Marianne sends her loving regards with mine to you and Pat. I don't know if the Director of the CIA ever has the occasion to get to Colorado, but you know what a warm welcome awaits you from the two Andrews families if you should ever get this way. Also, we have a guest room that can be yours overlooking the mountains with complete privacy and total security!

Cordially,

John K. Andrews
